SECURITY - VIDEOS

V1438 **Drawing the Line** (video, 30 minutes)
Provides viewers with critical skills on assessing and diffusing aggression on the job. Also offers ideas for discussion and problem solving. Shows a variety of work situations in which patients display aggressive behaviour toward health care staff. The program focuses on prevention, communication skills, intervention strategies, and follow-up meetings on abusive incidents. Follow-up meetings review the incident and evaluate ways to reduce future risk. Acute care and community care settings are illustrated. Includes Facilitator's guide, Set-up and operations manual for Emergency Response Teams (ERT), Program development manual for Critical Incident Stress Management (CISM) and Policies & procedures guidelines. (B.C. Health Association)

EMERGENCY MANAGEMENT FOR HEALTH CARE FACILITIES

- V2409 (RT 86.3 D724 1993)
Risk Management: We're All in This Together: Managing Risk in Residential and Continuing Community Care (video, 20 minutes)
- In this video, comedian Red Green narrates a series of scenarios which are focussed on risk management issues in the workplace. The scenarios are interspersed with comments from health care providers who talk about risk management at their respective facilities. The video and accompanying training materials have been produced to provide a distance education tool for health care facilities and to assist in the prevention and reduction of injuries to staff and clients.
