Progressive Leadership Concepts

Current fire officers of all ranks, as well as those who aspire to become fire officers, will find this session unique and practical. They will be able to apply aspects of what they’ve learned as soon as they return to their organizations.

By attending and participating the audience will:

- Examine supervisory and leadership concepts that are progressive, time tested, tend to motivate others, and maximize the performance of individuals and groups.
- Identify specific fire officer and organizational practices and perspectives that will positively or negatively impact service delivery outcomes of fire departments.
- Explore the benefits of consistent leadership and supervision in firefighter safety, as well as other emergency and non-emergency areas of responsibility.

About the Speaker:
Chief Dennis Compton is a well-known speaker and author of several books including his latest titled *Progressive Leadership Principles, Concepts, and Tools*. He has authored many articles for various publications, and is the Co-Editor of the third edition of the textbook titled *Managing Fire and Rescue Services*.
