With testimony from victims, leading world psychologists and top police commanders, this documentary looks at the crucial challenges of a new face of crime in the 21st century. We see how the Internet fuelled an explosion of child abuse, how police are racing to learn new CSI-type techniques to find the children displayed in abuse images that are flooding the web, and how young people can be empowered so that they can turn the tables on the predators and reclaim the Internet as a safe global neighborhood for all.
